Application - definition of application by The Free Dictionary
Application software (app for short) is a program or group of programs designed for end-users. Examples of an application include a word processor, a spreadsheet, an accounting application, a web browser, an email client, a media player, a file viewer, simulators, a console game, or a photo editor.The collective noun application software refers to all applications collectively.

Application software - Wikipedia
Many employers require all applicants for employment, regardless of the job they apply for, to complete a job application form. Depending on the employer and the job, you may be required to complete an online application, a paper application, an application at a store kiosk, or you could be asked to apply via email.
